GX250

basic programmable retail printing scale

The Avery Berkel GX250 offers extraordinary value for money. The sophisticated features of many high end products can be found in this economical and compact unit.

Avery Berkel

retail and food service weighing solutions

basic programmable retail printing scale

The stylish and compact GX 250 counter scale offers a number of unique features aimed at enhancing your customer service levels and business efficiency.

The GX250 offers integral thermal printer, which prints labels detailing weight, price and a barcode.

The GX250 features a crisp double-sided green LED display for counter operator and customer to view.

To help save on label consumption and reduce checkout scanning time, the GX250 carries an innovative "ADD" feature, which allows several products to be recorded on a single label.

## FEATURES & BENEFITS

◆ **Sophistication**
Up to five operators per machine
Networking of up to nine machines
Password protected programming
Operator names
Barcode printing
